

PROTECT YOUR VEHICLE

Black Horse Motor Finance GAP Insurance
Retail Price Protection

blackhorse

Introduction

Did you know that if your vehicle is written off as a total loss through an accident, fire or theft, most insurance companies would only pay the current market value of the vehicle, and not the market value when you bought it?

For example, if a vehicle costing £10,000 was written off after 12 months, most insurance companies would pay out the current market value, which might only be £8,000.

If you wanted to then replace your vehicle, you would have to find the difference.

Or, if you had taken out finance to spread the cost of paying for your vehicle, then you could find that the amount received from your insurance company was less than the amount you still owed on your finance agreement.

In either event, you could be out of pocket - this is where Black Horse Motor Finance GAP Retail Price Protection could help you.

Retail Price Protection GAP

Our 'Retail Price Protection' GAP could return you to the original position you were in when you first purchased the vehicle for up to a maximum period of 36 months, if your vehicle is written off and a total loss payment is made by your motor insurer*.

Retail Price Protection GAP could pay you the difference between the amount paid out by your motor insurer* (or the market value of the vehicle as defined in Glass's Guide Retail Value, whichever is the greater) and the amount of your original purchase price. Maximum benefit levels are shown in the table below.

If the vehicle is subject to a finance agreement and the early settlement amount is greater than your original purchase price then the early settlement amount would be used instead. In addition, any payment will be paid direct to the finance company on your behalf, and if there are any excess funds, these will be sent to you direct, subject to the maximum benefit levels shown in the table below.

*motor insurer or third party through an accident management company.

Simple to arrange

Frequently Asked Questions

Why must I contact you first before accepting a settlement from my motor insurance company in case of a claim?

Black Horse Motor Finance GAP Retail Price Protection could pay out the difference between the amount paid out by your motor insurer (or the market value of the vehicle as defined in Glass's Guide Retail Value, whichever is the greater) and the amount of your original purchase price. In some instances, the payout you receive from your motor insurer may be lower than the market value of your vehicle, which could potentially leave you with an outstanding amount that you would have to pay.

Our Administrator Car Care Plan will check the Glass's Guide retail value of your vehicle to make sure that the amount your motor insurance company offers is fair. If the motor insurer has valued your car at an amount below the Glass's Guide retail value, then they will let you know and ask you to speak to your insurer to request an increase in their offer.

You say that the market value of my vehicle is as defined in Glass's Guide Retail Value. What exactly is Glass's Guide?

Glass's produces the leading British guide to used vehicle prices (the Glass's Guide). Glass's observes and records well over 1 million vehicle sale prices from a wide range of sources every year to deliver the most widely trusted valuations in the market. This is a trade guide and is widely used by motor dealers, insurance assessors and finance houses across the motor industry.

I am interested in taking out GAP Insurance; however the vehicle I am purchasing is for someone else – not for me. Is it still possible to take out GAP Insurance for that vehicle?

Yes, your vehicle will still be covered subject to the person being named on the motor insurance policy for the vehicle. See policy documentation for full terms and conditions.

Can I cancel my policy at any time and get a refund?

We hope that you will be happy with your GAP policy. However, if this policy does not meet your needs, you have 14 days from the date you received your policy documents to cancel the policy and get a full refund. After 14 days you will not receive a refund. Please refer to your policy document for further details.

Where can I find more information about GAP Insurance?

If you would like to find out more about GAP Insurance, talk to your dealer in the first instance. Alternatively, the Association of British Insurers has produced a useful Consumer Guide on GAP Insurance, which is available to download from their website www.abi.org.uk.
